

JEFFREY BOYCE

Staff Product Designer

EXPERIENCE

Google Deepmind: Staff AI Product Designer

Nov 2024 — Present

- Lead AI designer architecting Gemini on Glasses experiences.
- Leading XFN strategy for Gemini Live error handling and scaling Gemini Live across 5 devices.
- Led account-Level Voice Match design and adoption across orgs.

Google Assistant: Senior UX Designer

Aug 2017 — Nov 2024

- Built speech and conversational frameworks adopted by Material Design and integrated across four Google products.
- Led design for the Assistant Personal Knowledge Graph, including a habit-tracking platform.
- Designed an Assistant-powered OS for feature phones, expanding access on low-spec hardware in emerging markets.

YouTube: UX Designer

Mar 2014 — Aug 2017

- Spearheaded end-to-end design for the YouTube Go app, optimizing experiences for low-connectivity global markets.
- Led YouTube Brand Insights dashboard redesign.

PROJECTS

Gemini on Glasses

Defining the multimodal interaction paradigm for Gemini on Glasses and optimizing 16 tools for the form factor and the foundational model.
